LONDON. March 15.—Sir Thomas Lipton, whose yacht Erin is now being used by the Serbian Red Cross as a hospital ship, sends from Serbla to the British Red Cross Society a description of the situation there.

"It is almost impossible for me to describe the terrible position of Serbla on account of poverty and disease, especially the latter," he writes. "The hospitals everywhere are crowded with typhus cases. Dr. Edward W. Ryan of "The long the latter," he writes."

"Of twelve American nurses seven are sick with typhus. Of six American doctors, three have typhus. "Typhus is very bad in Belgrade, where I was nearly finished off by an Austrian shell. The situation is worse at Nish. It is also serious at Serblan army headquarters. The hospitals are short of everything—drugs, surgical supplies, blankets, sheets.

RUSSIAN STATEMENT.

n other regions-on the right banks of the Bobr and Narew rivers and on the left bank of the Vistula—only artillery engagements have occurred. In the Carpathians violent snowstorms continue. In the region of Lupkow pass we have made progress and captured more than 600 prisoners, including 14 officers, and 6 machine guns. On the Rabbe-Reastzciew-Studenne front the Austrians continue their efforts to pierce our line, but have suffered heavy losses. In the region of Koziouski and Rozaka the Germans have renewed their violent attacks, which have everywhere been repulsed. Colossal losses have been inflicted on the enemy. By means of a counter attack we captured many hundreds of prisoners. In eastern Galicia we easily repulsed repeated attacks near the village of Niedzwiska, on the Dniester. During this engagement an Austrian battailon was dispersed by our counter attack. By a sudden assault we captured the enemy's positions near the village of Malkowice, in the Przemysl region, and made prisoners of the Austrian battalion having these positions. of the Bobr and Narew rivers and on

CHANGES ITS PROGRAM Will Hold National Encampment in Atlantic City, Instead of

Plans for holding the seventeenth biennial encampment of the Army and Navy Union, U. S. A., at Washington next September have been abandoned, and lantic City, September 15 to 18, inclusive. This announcement came today as a surprise, as committees had been appointed and tentative arrangements made for holding the encampment in this city. No inkling of the disarranging of the plans was given at the initial meeting of the encampment committee last Friday evening at the New Willard Hotel.

in Washington.

The change was made at a meeting of the national council of administration of the Army and Navy Union yesterday at the Ebbitt House, at which Gen. H. Oden Lake, national commander, presided. There were present at this meeting also Thomas H. Avery, national adjutant general, of Brooklyn, N. Y.; John P. Caugher, junior vice national commander and chalrman of the council of administration of Fort Monroe, Va.; Thomas J. Meadows of Brooklyn, N. Y.; W. H. Roach and W. T. Reason for the Change.

One of the principal reasons urged against holding the encampment at Washington was that it would conflict n some degree with the encampment of the Grand Army of the Republic to be held here one week later than to be held here one week later than the dates announced for the Army and Navy Union encampment. The national executive committee, as announced in The Star several days ago, will stand and have the direction of the convention at Atlantic City.

BOTANIC GARDEN'S SUNDAY

Record for Sabbath Visitors Doubled Yesterday-Many Spring Bulbs in Bloom.

The Botanic Garden was a favorite place of resort yesterday, the attend-ance breaking all records, doubling the highest Sunday attendance ever before registered.

A total of 1.064 persons was shown about the main conservatory and the nineteen greenhouses by Supt. George W. Hess and his assistants. There were many others who strolled about the grounds. Among those visiting the garden yes terday were many prominent business men. Some of these spoke approvingly

of the garden being kept open Sundays and thought the innovation would be appreciated by the people of Washing ton and visitors in the National Capi With the spring bulbs commencing to bloom, and large banks of hyancinths in full bloom, the greenhouses were especially attractive. There were a numbecially attractive. There were a number of persons who said they came especially to see the Irish shamrocks growing. Another plant novelty that attracted much attention was the sensitive plant, that closes up its leaves when touched, the one that goes to sleep and responds promptly to the reviving effects of a few drops of alcohol, and the telegraph plants that wigwag signals to one another.

Supt. Hess promises to have another very unusual flow on exhibition next Sunday, the "nun blossom." He also is arranging a special display of the most beautiful and fragrant blooms for an Exerton exhibition.

Lesson of War in Europe Applied to Battleship Construction.

One of the first lessons of the pres ent war as applied to the navy relates to the method of underwater con struction of battleships. The Navy Department, which is preparing the plans for the two great dreadnaughts authorized by the session of Congress just closed, has provided for the con struction within the hull of a second tier of compartments, within those next to the skin of the ship, and on the sides, to keep out torpedoes. It is expected that a torpedo discharged from enetrate the ship's side, would explode and that the damage would be so lo calized that the ship would not be sunk by reason of the double-protecting wall

of steel. Some sacrifice of the double bottoms of the ship will be involved to secure that extra protection on the sides, but it is estimated that the damage from torpedoes directed against the sides probably will be much greater than that likely to arise from mines ex-ploded under the bottom of the ship.

Women have lost much of their figure beauty because of wearing extremely low Corsets. That beauty can only be gained through newer, small-waisted and higher-bust models. The wide range of Selma models enables us to corset each woman according to her own desires, and still retain a fashion vogue essential to stylish dress.

medium high bust, long hips, with four hose supporters. Prices, \$3 to \$7

Selma Corsets are made in white or pink silk brocade-

Our corsetieres thoroughly understand the structure of the body and what constitutes correct abdominal support; also where a corset should be snug or where not. No extra charge for this superb fitting service. Be sure and ask to have your corset fitted.
